**Re-certification is due on the anniversary date, three years following initial certification and every three years thereafter.** To qualify for re-certification, please complete both pages of application, listing courses attended, certificates received, etc. Re-certification fee is \$95 for CIPM and CIPM II, \$65 for CIPS and CISS. Notification of successful re-certification and an updated certificate will be sent by mail within 2 weeks of receipt. Address all questions of qualification to the IFCPP office. Re-certification can also be attained by attending updated coursework. CIPM II course participation and certification is open to all CIPM (level one) graduates. Each higher level of certification supersedes the previous level, so re-certification is required for the highest level only.

List those activities for which you seek to attain points toward re-certification (including corresponding point total per activity). List only those activities completed since the end of your last certification term:
